DINESHRAJA

Aspiring Software Developer | Python & C

Tamil Nadu, India | [Phone Number] | [Email] | linkedin.com/in/[your-id] | github.com/[your-id]

CAREER OBJECTIVE

Motivated fresher with hands-on experience in Python and C programming, seeking an entry-level role in the IT industry. Eager to apply problem-solving and data-handling skills to real-world projects while learning and growing with a dynamic team.

TECHNICAL SKILLS

Languages	Python, C
Concepts	Data Structures basics, File Handling, CRUD Operations, Problem Solving, Debugging
Data	CSV data processing, bulk data generation
Soft Skills	Quick learner, Self-motivated, Team player, Communication

PROJECTS

Employee Salary Management System **(Python)**

- Built a CSV-backed application to manage employee salary data, handling up to **10,000 records**.
- Implemented full **CRUD operations** (Create, Read, Update, Delete) with auto-generated employee IDs.
- Designed branch-based salary assignment logic to calculate and store pay by branch.
- Added a bulk data generation feature to create large test datasets for performance testing.
